- Autowash 142 (100% VOC) is Baldwin Approved.
- Autowash 142-30 E and Autowash 142-30 E5 are formulated for use with Elettra Washers.

USE INSTRUCTIONS

Can be used as an automatic blanket wash as well as a hand wash.

On automatic systems use as directed by the manufacturer. As a hand wash apply straight to blankets and rollers.

EPA regulations are substantially reducing the use of VOC solvents. If you're an Autowash 142 Series user you have the flexibility to meet their standards and have the best Blanket and Roller Wash on the "Environmentally Safe" pressroom products market.
